

Royal Observatory, Greenwich,
London S.E.

1866 August 9

My dear Sir

I was much gratified by your letter of August 1; partly because it gave me an opportunity of showing how highly I value the numerous communications which I have received from you.

I delivered your Spectrum of Antares to my First Assistant N. Stone, who is Secretary of the R. Astronomical Society. A no. of the Monthly Notices is usually published in the decline of summer, when, I doubt not, your paper and diagram will appear.

And I made inquiry of M. De La Rue about the New Photographs of the Sun. I inclose a fully copy of his answer, which appears to

M. Reverend

Padre Secchi

Dear Sir,
I have the honor to acknowledge the receipt of your letter of the 18th inst. in relation to the
application of the R. R. Commission, and in reply
to inform you that the same has been forwarded
to the proper authorities for their consideration.
I am, Sir, very respectfully,
Your obedient servant,
J. H. [Name]

give the most complete information,
both on the Kew Photographs,
and on Mr. Carrington's drawings
which preceded them.

You will probably be able now
to decide on the course which you
will adopt. Mr. De la Rue
and I will give every assistance
in our power.

Law, my dear Sir,
Yours very truly

G. Kirby

Give the most complete information
talk on the New Testament
and on the Christian's journey
about freedom then
You will probably be able to
to visit on the course which you
will visit. It is to be
and I will give you my assistance
in our journey.

Love, my dear Sir,
Yours very truly,

Wm. Lloyd Garrison
