19, Bloomsbury Street,

London. 29 June 1868
W. C.

Reverend Sir,

I am this day in receipt
of your letter of the 24th
which I hasten to reply to

It would appear that you
have been using the eyepiece
as a Huyghenian or negative
instead of as a Ramsden
or positive — the latter (a)
requiring to be drawn
out something like 3
inches from where you

Dear Sir,

I have this day in receipt
of your letter of the 24th
which I hasten to reply to

I would appear that you
have been using the expression
as a hyperbolic or negative
instead of as a Pambolen
or positive - the latter (a)
requiring to be drawn
out something like 3
inches from where you

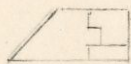

have used it. You will
then, I think, ^{find it} fulfill the
conditions specified by you
and work satisfactorily.

I enclose a diagram
to illustrate my meaning
and remain, Res^d Sir,

Yours obed^t Serv^t
J. H. Wallmeyer

have been to receive
the, I think, ^{find it} pupils the
conditions specified by you
and work out to the
purpose a program
to illustrate the
and remain, Berlin
Horn also but
J. H. G. G. G.
